Kirami's product range includes ABS-plastic cover (Acrylonitrile butadiene styrene) for most of hot tub models. A cover is especially useful accessory, with it you can speed up heating of your hot tub, keep the water hot for a longer time and optimize heating performance on the following day. The cover also protects your hot tub from debris and with a cover your hot tub remains clean when empty, and as well it protects inner parts of hot tub from UV-radiation. The cover improves safety especially for families with children and pets.

A cover manufactured from ABS-plastic fits M-size (170cm) Kirami hot tubs which uses an external heater. The cover has strong handle that makes handling it easier.

With the fastening kit cover stays better on top of hot tub. Fastening kit with three rubber straps, knobs and screws are delivered with the cover. As an accessory we have a safety lock to offer which allows you to lock the cover. Locking not only prevents small children accessing to the hot tub but also stops prohibited usage.
