The Family hot tub has been developed to take the needs of the whole family into account, regardless of age and physical condition. As part of hot tub's design there a bench that can be used to cool off and children can sit on it more easily. You can rest your back on the specially designed edges of the bench. The design of the bench is ideal to climbing into and out of the hot tub. On top of practicality and easy access the safety is better with the bench.

The hot tub is heated with an external grey Cult-si heater, suitable for heating small tubs. It is made out of high-quality marine-grade aluminium.

The heat-treated pine used in the outer shell is a Finnish alternative for dark-coloured imported wood. ThermoWood is a high-quality, long-lasting material with a warm brown colour that maintains its shape well. Light gray is velvety smooth and delicate dotted inside colour. The soft, vibrant grey of the interior is always timeless and elegant, and it blends in beautifully with the environment.

The barrel diameter is 170 cm and water volume 1370 litres. It is suitable for 3-5 people. The dry weight of the hot tub is 126 kg. The gross heat output of the CULT-si stove is 36 kW and the net heat output transferred to the water is 22 kW.
